CAMBRIAN VOTERS TO GO TO POLLS MAY 31 FOR VERDICT ON $56,000 CRITICAL SCHOOL BOND ISSUE

Voters of the Cambrian school district will go to the polls Tuesday, May 31, to vote on a $56,000 school bond issue proposed by the Cambrian Board of Trustees to further the school building program.

"We want all of the eligible voters in the Cambrian district to consider the issue seriously," said Principal D. M. Bagby of the Cambrian school. "Already we are ten standard classrooms behind the building program even with the phenomenal growth in enrollment."

Notices and letters to the parents will be dispatched by the school to further inform them of the building program and the reasons for the $56,000 bond issue.

Polls will be open at the school from 7 a.m. to 7 p.m. May 31. In charge of the polls will be Inspector G. N. Helmbold, Judge Eleanora H. Nelson and Judge Wilma J. Weltz.

The school has encountered certain difficulties in reaching the public on the present bond issue. The Cambrian district, because of its mushroom growth, has a limited communication system. "For this reason, said Bagby, "we're sending home the literature by the children for the parents to read."

Cambrian held its first bond issue in 1945 at which time the voters flocked to the polls to return a favorable verdict for the bond issue move. Because the present needs are far more critical than the ones faced in 1945, the principal expressed the hope that the voters again would come to the assistance of the school and pass the measure.

Enrollment at the Cambrian school has increased 58 per cent from the school year 1947-48 to 1949-50, the principal pointed out. Because of this large enrollment the school has been unable to keep up with their building program in proportion to the number of students. Present enrollment figure is 475 and the principal expects another increase when the children come back for school in the fall.

The $56,000 will extend will extend over an 11 year period. It will be used to increase the number of permanent classrooms for the school which houses eight grades.

Present members of the Cam- Board of Trustees are Frank L. Steindorf, clerk, and Earl F. Gripenstraw and William C. Sartorette. Gripenstraw is the only incumbent running in the May 20 county trustee election.

Drama of the Air To Open At Santa Clara Mon., May 9

The gripping drama of air power and the fight of a small group of combat air force men to maintain their advantage against strong enemy odds is the theme of "Command Decision," scheduled to open at the theater of the University of Santa Clara May 9 at 8:15 p.m.

The stage production, scheduled to run again on May 10 and 11, is the most ambitious effort of the Mascula Dramatic Society of Bellarmine School, Santa Clara, announces Father Edwin T. Carr, moderator of dramatics at the school.

The need for additional educational facilities at Bellarmine has prompted the school authorities to choose this play as the one best suited for popular ticket sale. Publicity and promotional details are being handled by the San Jose Squadron of the Air Force Association.

Spectators Jam School Grounds To See May Festival

Delighted audiences numbering around 4000 packed into the grounds at Cambrian Grammar school Sunday to see the sights and participate in the contests of the first annual Cambrian May Day Festival.

.....Sponsors of the affair, the Cambrian Men's club, were so pleased with the turnout that they plan to make it an annual event. Already plans are being laid for next year's event.

Promenading around the grounds and presenting awards for the afternoon were King Don Delemore and Queen Patty Boone of Cambrian. Both were crowned in coronation ceremonies in the afternoon.

Activities started off in a flourish of excitement around 2 p.m. with approximately 2000 spectators on hand by the time students paraded at 3 p.m. Union school Drum and Bugle Corps won a six inch gold cup as the best marching unit, while Mrs. Violet Pomeroy's fifth grade won applause as the best costumed unit.

The Union marching unit was led by Principal Ken McDonnell. The children wore the same green and white uniforms that won them previous honors in parades over a two year period. They came out as winners in the Campbell Old Settlers' Day parade held here in February. Said Principal McDonnell, "We were thrilled to receive the cup and the children deserve praise. They perform regularly now four times a year and are fast becoming profesionals. They will participate again in the June graduation exercises at Union."

The trophy the school children from Union won is now on display at the school.

The plaque won by Mrs. Pomeroy's class will become an annual trophy for subsequent May Day celebrations, according to Herb Brasch, general chairman.

The king and queen later in the day presented Herb Gardner and W. Ray Moody with television sets and Charles Little with a refrigerator as a climax to the evening of fun.

President of the Cambrian Men's club, Max Nigel, said his club would do everything possible to continue this event as an annual community affair, so popular was the outcome. Preceeds from the affair will go to the Cambrian Community Youth Fund.

Growers Re-Elect Frank L. Steindorf As Local Chairman

Frank L. Steindorf, Campbell cherry, strawberry and prune grower, was re-elected chairman of the Cherry Growers group of the Santa Clara County Farm Bureau at a meeting held recently.

At the meeting, Steindorf outlined the purpose of his Washington, D. C. trip to testify before the Tariff Commission in January relative to opposing any tariff reductions on imported cherries so long as domestic production is sufficient for domestic market needs.

The cherry section of this county has ben affiliated for the past two years with the Cherry Industries Foundation and growers voted renewal of membership for this year. The foundation is a nonprofit protective association for this segment of American agriculture.

Reporting on new crop prospects, growers stated that the black varieties are generally good throughout the county and Royal Anne or white, which is normally canned or brined for maraschino type cherry, as being still uncertain, with liklihood of turning out a light crop. The reports from the San Joaquin section are for a normal crop while it was still too early to report for the Pacific Northwest.

Mrs. Blaine was the wife of Campbell Township Justice of the Peace John D. Blaine. She attended Cambrian and Hamilton Grammar schools, and the old College of Pacific academy. She was a member of the Campbell Methodist church and Campbell Country Woman's club.

A resident of Campbell for the past 64 years, she was the granddaughter of Benjamin Campbell, who came to this area in 1846. Five years later he subdivided a 160 acre homestead into what is now Campbell. Mrs. Blaine was born near Santa Clara in Lawrence district and moved to Campbell at eight years of age.

COMMUNITY SERVICE FUND ELECTS RAY FISH PRESIDENT IN FIRST MEETING OF GROUP WEDNESDAY

Ray Fish, civic leader in Campbell, was elected first president of the newly organized Campbell Community Service Fund Tuesday night in the new groups initial meeting held in the Little Theater of the Campbell High schol.

At the reorganization meeting the name of Campbell Community Service Fund was officially adopted in place of the old name, Campbell Community Chest. Other officers elected included Mrs. Betty Youngman, vice-president, and Mrs. Marian Parker, secretary-treasurer.

Over 30 delegates from service clubs in Campbell, San Tomas, Cambrian, Beverly-Burbank, and Moreland were present at the first meeting to officialiy install the new organization into the community.

Fish, Community Chest drive chairman in 1947 and president in 1948, said reorganization will permit greater understanding of service and aims, and better co-operation among participating groups.

The annual drive for funds will begin around October 1. Member organizations will submit budgets for study by June 15. The next meeting of the group, to be anounced later, will be held in the Little Theater.

Eligible for membership in Community Service Fund will be any agency, institution, or organization engaged in charitable, health, relief, recreational, education or welfare work in the five districts.

Reason for co-ordinating the fund collection agencies and organizations into one main body was explained by Fish earlier in the year when the movement got under way.

"Many people," he said, "felt that too many fund raising drives were going on in these various areas at the same time. They expressed the belief that there should be some plan and co-operation for all of these agencies and a streamlining of methods and objectives."

Fish was the originator of the new service group and submitted his constitution for approval at a previous meeting of all of the representatives of organizations in the five area district. The constitution was approved unanimously.

THREE LOCAL HIGH SCHOOL MUSIC GROUPS GO TO SPRING MUSICAL FESTIVAL AT SAN JOSE STATE

Orchestra, Band, A Capella Participate With 5000 Northern California Students In Colorful Annual Two-Day Celebration

Approximately 160 musical students from Campbell Union High school will join with 5000 other students all over Northern California Friday and Saturday at San Jose State college to participate in the annual Spring Musical Festival. The affair is sponsored by the California School Band, Orchestra and Vocal Association.

The local high school will send, for the first time in its history, all three of its music organizations, including the orchestra, the a capella choir, and the school band. Frank Triena will direct the choir Friday morning and the orchestra Saturday at the college. Willard LeCroy will lead the band in their numbers Friday morning.

Soloists who will participate in the huge festival include Polly Atkinson, soprano; Sally Blackburn, soprano, Lionel Cross, tenor; Mardel Sanders, cello; Richard Larsen, violin; Dan Livesay, trombone; Gilda Mazzanti, violin; Lois Blair, oboe and Warren Thorpe, trumpet.

"All of the groups participating will receive ratings on their performance," said Triena. "The schools will receive ratings of superior, excellent, good, fair or incomplete. In addition each will receive a certificate of merit indicating the grading of the judges. It won't be a contest but the ratings at the same time will be an incentive to groups participating."

Nearly 5000 students from 74 high schools and junior high schools in 55 communities from Eureka on the north to King City on the south will participate in the two-day event. Arrangements for the festival are in charge of W. Gibson Walters, a member of the college music department faculty, and Chester W. Madson, supervisor of music for the San Jose Unified school district.

Participating in the festival will be 44 bands, 24 orchestras, 35 choruses and 17 instrumental ensembles. In addition, 131 vocal and instrumental soloists will present selections which they have been perfecting for weeks.

Funds For Cancer Drive Fall Short Of $500 Goal Set

Campbell is 30 per cent under its $500 goal for the April Cancer drive said Frank Accardi, local chairman. The cancer drive, scheduled to end last week, will be continued for the first two weeks in May, he said.

"Tabulation this week indicated that we have received only $302 which is quite short of our goal," Accardi pointed out. "We have such a small goal to meet this year that it is surprising that the residents of Campbell don't feel that it is necessary to donate to this important drive."

Accardi's calculations paralleled the report issued by Edward Seacord, county campaign manager. He claimed that the results to date have fallen short of last year's accomplishments as of the same period.

"It now remains for the public to assist financially in making possible further research for the control and cure of cancer," said Accardi. Donations will be accepted either through the mail or in person for the next two weeks at Accardi's Appliance store, E. Campbell avenue.

There are about 400 kinds of animals and 00 kinds of birds in Australia, best known being kangaroos, koalas, platypus, emus, lyrebirds and kookaburras.

Cast of Volunteer Actors Prepares For 'Miracle of the Trees' Production

With the first performance of the "Miracle of the Trees," dramatic open-air spectacle of world history, scheduled for the newly built Santa Cruz Big Trees Bowl at Felton on Saturday afternoon, May 7, at 3:00 p.m., an army of volunteer actors under the professional direction of Director Phill Whiting and his staff are taking last minute lessons in the fine art of dramatics. Now rehearsing on the bowl's huge three-level stage, the participants are concluding two months of intensive training in acting and pageantry.

While the cast rehearses, construction of the bowl is rapidly nearing completion. Bulldozing, which was delayed by March rain, is finished and workers have now begun to erect the 500 seat bowl scheduled for installation this year. Also being completed are the approaches to the bowl and the road, now under construction, leading from the Santa Cruz County Big Trees Park to the adjacent bowl property.

In San Francisco, meanwhile, 1000 gorgeous costumes are being readied at Goldstein's On the bowl stage, artist Angelo Scibetta is hard at work creating sets that will supplement the magnificent natural backdrop provided by the majestic redwood trees that enclose the Santa Cruz Big Trees bowl on three sides.

Sound equipment and other technical apparatus required to properly stage a drama of the proportions of the "Miracle of the Trees" will be installed next week.

UNKNOWN RIVER

Among the many problems that the Big Trees Bowl Foundation has had to solve in providing facilities for the tremendous crowds expected for the six performances on May 7-8, 14-15 and 21-22, was that of obtaining water at the site. After weeks of drilling, the well diggers brought in 20 feet of water, discovering at the same time, a vast unknown underground river flowing deep under the bowl.

In the Big Trees Bowl Foundation offices at Santa Cruz' lovely Casa del Rey hotel and in the offices of the Santa Cruz Chamber of Commerce, typists and volunteer workers are turning out copies of scripts and many other production activities to meet the May 7th deadline.

Expected to become one of California's leading events, the "Miracle of the Trees" will, in two-hour presentations each Saturday and Sunday afternoons, May 7-8, 14-15 and 21-22, tell in vivid pageantry, dramatic words and exquisite music, the tale of man's struggle to obtain peace and freedom without the sacrifice of personal liberty.

Tickets for the "Miracle of the Trees" are on sale at the Sherman Clay Co. ticket offices in San Francisco and Oakland; the Denny-Watrous box offices in San Jose, and in the offices of the Santa Cruz Chamber of Commerce.

All-Color Movie Film On Andes To Be Here May 13

A thrilling all-color motion picture of South America entitled "Travel Trails of the Andes" will be presented by world traveller Herbert Knapp in the Campbell Grammar school auditorium Friday, May 13, at 8 p.m.

Knapp, a former resident of this area, will show his picture and narrate special scenes of interest. He is being brought to Campbell through the co-sponsorship of the Friendly Circle, the Sigmas, and the Couples club of Campbell.

Filmed in romantic Tahiti before the war, "Polynesia," another Knapp film, has been twice reprinted and returned to the lecture platform in response to insistent demands for "just one more showing."

Although lecture audiences have seen very little of Herbert Knapp since the beginning of World War II, he has done more motion picture work than ever before. Long considered one of the top color cameramen of the country, his productions for the government during the war included such well-known films as "Down Where North Begins," "Peru's Coastal Region," "Heart of the Inca Empire," and "Wealth of the Andes." Later he has turned over to Walt Disney's studios to shoot "The Amazon Awakens," one of the outstanding documentaries of the year as well as 16 additional subjects for Disney and other Hollywood producers.

On April 23, 16 of the girls of Troop 22 journeyed to Guadalupe on bicycles accompanied by three adults, Mrs. Felcie Robba, Mrs. Olive Parysek and Mrs. Ethel Arnold.

Cambrian Home And School Club Installs Officers For New Year

Members of the Cambrian Home and School club installed officers of the club at ceremonies in the Cambrian school Thursday. Mrs. Mat Helmbold received the gavel for the coming year as president. Mrs. Clarence Fagalde was installing officer.

Other officers who were installed include George Youngman, vice-president; Mrs. Frank Coombs, secretary; Mrs. R. B. Randolph, treasurer; Mrs. Earl Gripenstraw, auditor; Mrs. Frank Oldham, historian and Mrs. Robert Tonkin, parliamentarian.

Mothers have taken over the soliciting of funds for the Community Chest and Red Cross under the chairmanship of Mrs. Robert Tonkin and Mrs. Jerry Stephans.

With the installatioin of the new officers for the coming year, the Cambrian Home and School club looks with much pride to the activities and successful undertaking they have acomplished this year, officers told the group.

The projects undertaken were many and varied, they reported. In the fall they entertained over 400 parents at the yearly teachers' reception, led by Mrs. H. B. Roberts. At this affair the community had the opportunity to meet the faculty.

In December a bazaar was held under the supervision of Mrs. Wallace Wardell. Over $250 was earned for the school safety patrol and the school library.

Recently, a series of panel discussions were held on how citizenship is taught in the school. A report was given by Mrs. Norman Pratt at the last meeting. Cambrian was one of the many schools chosen to participate in this work throughout the state of California.

In November with the aid of the Board of Supervisors and the cooperation of the State Highway patrol, an adult crossing guard was hired and a fully uniformed patrol is now in attendance for the safety of youngsters who walk to school. Mrs. Roboerts again led in this safety program.

After many months of work, the school library was opened in January. The venture was immediately deemed a sucess. The response the children gave the library encouraged the women. Recently the Home and School club contributed $142 for the library fund. Mrs. Wallace is library chairman.

Transportation was furnished by Mrs. Paul Taylor, Mr. and Mrs. John Mehren, and Mr. and Mrs. William C. Henley.

"Dewyt" Horizon club members are now busy making final preparations for the tea, bazaar, and fashion parade to be held at the Congregational church parlors on May 21. Anyone wishing to attend the show should call Mrs. Henley for tickets.

S. J. Speedway Schedules Events For Weekend

It's double-duty racing for the San Jose Speedway this week as both roadsters and midgets vie for honors on the brand new track. The roadsters take the sportlight in the Speedway's first night session on Friday, while the midgets make their San Jose '49 debut Sunday evening.

The initial appearnce of the ever-popular midgets Sunday is being eagerly awaited by racing fans as the drivers of the tiny bits of hell on wheels will certainly find the wider, longer track to their liking.

Both the roadster races Friday night and the midget program Sunday night will start with time trials at 7 p.m.

AMATEUR ARTISTS EXHIBIT

High School Faculty Display Work In Unique Week Long Art Show Here

You can be a chemist, mathematician, home economist, or architect and still be quite an artist. The proof of this was self-evident if you happened to attend the faculty art exhibit at the Campbell Union high school last week.

The exhibit, showing the artistic endeavours of the teachers at the high school, was on display in the art classroom for a week and was moved over to the auditorium Thursday as part of the program for Public Schools week.

"You can't imagine the beautiful and interesting art objects we received in our first faculty art exhibit," said Oliver W. Upton, high school art instructor and promoter of the unusual exhibit. "We received everything from water color paintings to needlework and everyone was highly pleased with the results."

The idea to have the faculty talent showing started when Leland Dugan, San Jose State college student teacher made the suggestion to Upton a few months ago. "The idea sounded interesting and we immediately began to work on the show for the near future," said Upton. "First we asked Mr. Hill, the principal, and he liked the idea. Then we sent out questionaires to the faculty to see what they thought. Some of the answers were hilarious."

The show began to take form a few weeks ago when some of the teachers offered their work for exhibit. Others took to the idea and soon the room was full of work done by amateur artists.

Then, a week ago last Monday the work was completed. The paintings, leather work, weaving, ceramics, and other art objects were placed on tables all around the art classroom. The exhibit gained immediate recognition and both students and teachers made special trips to see the works of art.

"The idea was such an immediate success that we intend to make it an annual affair," said Upton. "Next year we'll probably have to find larger quarters to put the exhibit in if the interest is as high as it was this year. We certainly have to hand it to Mr. Dugan. The idea proved quite successful."

On exhibit were several water color paintings by Mrs. Marian Winston, arts and crafts instructor at the high school. One of the paintings has been entertained in art competition and has received recognition according to Upton.

One of the unusual projects on exhibit was the complete original manuscript of a cook book written and published by Mrs. Adele Charlson, home economics teacher at the high school. The layout showed the original pen and ink sketches and cooking instructions in her book entitled "Young Cooks."

Unique in design was a large lamp created by a former custodian at the high school, B. H. Mullen. The base of the lamp was constructed with picture frames and glass and placed on a wood block base.

A mood sketch in pen and ink was exhibited by Leland Dugan, originator of the exhibit plan. He also had on display a sketch of a home taken from the original blue print drawn up by instructor Upton.

Interesting and unusual were the decorative mirrors made by Arthur Swenson of the faculty.

Weaving in the home is the hobby of Mr. and Mrs. D. Harold Cramer. Cramer is the math instructor at the high school. In his spare time both he and his wife constructed a hand loom in their home and proceeded to weave various clothes and designs using original patterns. Neither has had any training in weaving. Beautiful examples of their work were in the high school faculty exhibit.

Work in copper was exhibited by Steven Casaleggio, mechanical drawing teacher. Also on exhibit was a lovely large fruit bowl in polished wood and two pairs of book ends by Robert Culp, industrial arts instructor.

Intricate and colorful needlewrk was exhibited by Miss Ruby Howes, physical education teacher. Of particular interest was a lovely dress completed in one and a half days at a cost of $10.24.

Photography was not slighted in the exhibit. One photograph, a picture of the high school in color, was the result of combined efforts. The shot was taken by Principal Hill, and George Eggling, instructor. Tinting was done by Mrs. Hill and Steve Casaleggio made the frame.

Approximately 20 teachers were represented in the faculty exhibit this year, according to Upton, who had several pieces of his own work on display. Next spring the exhibit will be shown and "it will really be worthwhile seeing again," he said.

And there it goes to prove that the chemist, the mathematician, the home economist and the gym teacher are all artist potentials.

MOBILE BLOOD UNIT TO APPEAR IN CAMPBELL CHURCH MONDAY FOR FIRST VISIT IN FIVE MONTHS

First visit to the community in five months will be made by the mobile unit of the Santa Clara valley blood center Monday, May 9, from 11 a.m. until 2:30 p.m. with headquarters in the First Methodist church, Campbell avenue at First street. The unit's visit was announced by D. H. Cramer, local Red Cross branch chairman.

Through organizations and solicitation by individuals, it is expected to have a minimum of 50 persons present to donate blood during the designated hours, chairman Cramer stated.

In addition to an urgent appeal for a volunteer donors, he stressed the need of a Blood Donor chairman for the Campbell area to replace Mrs. Ann Gardner, who has resigned due to pressure of other work. However Mrs. Gardner has remained active and is assisting with the recruitment for May 9, chairman Cramer said. He also paid tribute to Mrs. E. Lanphear, Mrs. Ruth O'Brien, Mrs. William Floyd, Mrs. R. J. Flagg and Mrs. Arrah Peck, together with three registered nurses, Mrs. Henry Parysek, Mrs. Emily Kollmer and Mrs. John McBain.

"These women have been outstanding in the assistance given to the Campbell blood program," chairman Cramer declared. "However, we also are greatly indebted to other individuals and groups in the community. This will be the fifth visit of the Mobile Unit to Campbell since the valley's expanded blood program got under way over a year ago. In fact, Campbell holds the honor of being the first community visited by the unit. That was on May 15, 1948. Other Campbell visits were July 31, September 11 and December 1.

The increasing and imperative needs for blood were emphasized by the chairman, who said that more and more lives are being saved due to this great boon to modern medicine.

"Our quota for the area covered by the three hospitals in San Jose has been boosted from 500 to 700 pints a month," Cramer said. "This increased use points to the constantly multiplying benefits to all persons in our community. We have this added safeguard for ourselves and our families."

Delegates Voice Approval of BPWC Lighting Project

More than 18 delegates from service clubs and organizations all over Campbell met Wednesday night at the Campbell Grammar school auditorium to voice their support for the Business and Professional Women's project of obtaining lights for the grammar school softball field. Mrs. Kenneth Gray, lights chairman of the BPWC, presided.

The delegates, sent by local groups to support the project, decided to make the lights a community project and appointed several committees to organize the drive and solicit funds in the future. The lights would be installed at an approximate cost of $3000.

Art Tindall was appointed as chairman to head the Ways and Means committee for donations from the community and individuals. Other members of his committee will be Mary Grey, Cel Gerevas, Mrs. John Morley and Leo Parks.

A Fact Finding Board, to investigate prices of equipment, will consist of Earl Buck, Ken Grey, Gene Hodges, and Tony Bakich.

Dobbie Jeffers, Campbell businessman, had the distinction of donating the first contribution to the lighting project, presenting the group with a $10 check. All donations, both large and small, from groups and individuals, will be accepted, said Tindall, and a list of the donors will be published from time to time.

All groups will be permitted to use the baseball field when the lights are installed, it was brought out, whether they are children or adults. Groups renting the field will pay for the electricity.

An investigation of lighting the high school field was made and it was reported that the high school baseball field will be moved sometime in the future.

Blueprints of the location of the lights, as announced by the group, were accepted by the grammar school board with a few minor changes.

Campbell Students Get Big Break As HS Buys Fountain

Hot and thirsty students from Campbell Union high school will be able to quench their thirst right on campus when a complete ice cream and soda fountain service goes into effect next week.

The new fountain was purchased recently by the high school Board of Trustees from Clark's Drug store. It will be installed in the school cafeteria to be used as an ice cream bar for dishing out fountain items, hot dogs, and sandwiches at noon, according to Laurance J. Hill, principal.

Members of the Californnia Scholarship Federation of Campbell High will probably take over the operation of the fountain, said Hill, although this move is not final as yet. A small amount of the profits would be used by the CSF for operational expenses and the remainder would go to the establishment of a scholarship fund.

"The fountain is expected to clear around $700 a year for this purpose," said Hill, "and should provide a continuous fund. The members of the organization would donate their services in order that worthy students be given an opportunity to attend their first year in college on scholarships. The high school PTA will also add to the fund, bringing the total close to $1000 a year."

The school board is paying for the installation of the fountain and equipment. Mrs. Helen Tourtillott, manager of the cafeteria, and Miss Mildred Mendia, advisor to the CSF, will supervise the ice cream bar.

Next meeting of the delegates will be held Monday, May 9, at 8 p.m. in the grammar school auditorium. All representatives from organizations in Campbell are urged to attend.

Committee Sets June 4 As Date For 2nd Carnival

Plans are beginning to shape up for the second annual San Tomas Carnival to be held Saturday, June 4, at the San Tomas school grounds. Cecil Rose will act as general chairman.

Community clubs and organizations will help sponsor the all-day affair by taking concessions in true carnival spirit, according to William Shuey, principal of the San Tomas school.

The carnival committee plans to have a deep freeze unit complete with a supply of meat as one of the feature prizes of the day, said Rose. The festive occasion will probably begin at 4 p.m. and run through until 11 p.m.

San Tomas Men Build Backstop For Hardball Game

Last Saturday at the San Tomas grammar school, a group of men of the community banded together for the community project of building a backstop on the San Tomas school grounds in order that hardball baseball games might be played. Materials from the project were purchased by the school board of San Tomas.

Tryouts for the hardball team will be held Saturday, May 7, with the first game being scheduled for Sunday, May 15, against the Santa Cruz team. Those interested in playing on the team are urged to contact George Flood at Flood's Market or Leonard Hazen.

Men who worked on the building project included Leonard Hazen, Vernon Welch, Ralph Detherow, Reginald Detherow, Paul and Penny Stone, John Wolf, Johnny Davis, Connie Knight and Cecil Ward.

School News From SAN TOMAS

By VIRGINIA JOHNSTONE and SUE COFFIN

The world's famous yoyo champion came to the San Tomas school. He has been practically all over the world and has been to most of the schools in the United States. When he was here he showed us many of his tricks. Some of his tricks were what he called "Sleeping Beauty," "Rock the Cradle," "Around the World," "Walk the Dog," "Over the Falls," "Three leaf Clover," and the best one was "The Atomic Bomb." He is a native Filipino and explained that the yoyo originated in the Philippine Islands.

Mr. Lyons from the County Superintendent's office came to San Tomas school and talked to the sixth grade pupils about bicycle safety. He mentioned about 20 bicycle rules that everyone should obey. After talking about the 20 rules he showed us a movie called "Safety on Two Wheels." The movie explained what the rules meant and how to obey them. After the movie, Mr. Lyons passed out some booklets on bicycle safety.

Tuesday morning, April 26, the fourth grades of the Campbell School district held a spelling bee in the auditorium of the Campbell school. The four best spellers of each fourth grade of the four schools were entered in this contest.

All of the children of the classes represented were present in the auditorium and everyone was hoping for his class to win. The children from the San Tomas school who were in the contest were Jerry Peterson, Jo Ann Haga, Ruth Brown and Beth Cummins from Mrs. Fore's room and Patty Brown, Patsy Schroeder, Voncele Newport and Floyd Larson represented Mrs. Emig's class.

All of the spellers showed great ability, but, one by one, they were eliminated as they failed to spell the word given to them. Finally only five puplis were left on the stage, one from Moorpark, two from Campbell and two from San Tomas. The two from San Tomas were Floyd Larson and Patty Brown of Mrs. Emig's class.

Finally only Floyd Larson and a Campbell boy were left on the stage, and after a battle of words between the two, the Campbell boy missed the word, and Floyd was able to spell it and the next word given to him, and San Tomas walked away from the scene victorious.

A very interesting program followed by the spelling bee, and everyone there felt that the morning was very worthwhile.

Wednesday, May 4, the Great Toussaint, who has one of the best kiddie shows in the world, visited San Tomas school. He has rabbits and nine other animals and used 35 children on the stage.

The Dad's club is sponsoring the second annual San Tomas Community carnival here at San Tomas school in June. This is an event to provide an opportunity for the community to come together in an enterprise where all can help and have a good time. The proceeds from this carnival are to be allotted to various youth activities here at school such as the Drum and Bugle Corps, the summer recreation program and a committee with representatives from the PTA and the Dad's club will be responsible for the fund.

We have a well-stocked grocery store in the kindergarten. The pupils have brought empty cans and cartons. Tommy Wight is letting us use his cash register. We have had many pets, including fish, polliwogs, a turtle, a lizard without a tail, ladybugs, bees and five baby chicks. One day we went to the Campbell school. We saw some movies and sang songs with the children from the other kindergarten.

News from ORCHARD CITY GRANGE

By ROBERT WURFER, Sr.

Orchard City Grange 333 Campbell, had another large attendance meeting. Last meeting we have over 100 members, and this meeting we had over 142 including visitors from out of town members. The hall was decorated with many beautiful full colored flowers by Mrs. W. A. Youngclaus. Our Worthy Master Martin S. Walsh opened the Grange. Mr. M. E. Coonradt, former Pomona Master and member of the Almaden Grange, conferred the first and second degree on four new members. Then the Mt. Hamilton degree team, consisting of 17 ladies, dressed in beautiful white silk gowns and two singers, also six harvest marchers, (24 in all) took over to confer the third and fourth degree in full form on 16 new members, two of which belonged to Mt. Hamilton Grange. The ceremony began with a beautiful very gracefully executed drill, a very thrilling and inspiring sign. The Worthy Master of Orchard City Grange expressed the gratitude of Orchard City Grange to this great team for coming over to confer these degrees. They then received a hearty and prolonged applause.

The new Orchard City members are: Merle B. and Ann Gardner, T. J. Burnett, Grace Givens, Harriet and Ward Edsinger, Edna and Raymond Flagg, Mrs. Wilhm Emmons, Hellen E. Givens, Hulda M. and Frank B. Simpson and two Mt. Hamilton members Mr. and Mrs. W. R. Carroll. Other out of town visitors were Mr. E. Coonradt of Almaden Grange, Mr. Pete Lindsay, chief assistant district attorney and member of Coyote Grange, Mr. Terry Rowe, Master of Mt. Hamilton Grange and Mrs. H. Rowe and seven other members of Mt. Hamilton Grange, Mrs. Scowe of San Jose Grange and Levy Richman of Gilroy Grange.

During a short business session Mr. Harry Barnes reported on the community project and asked for additional members to his committee. A resolution from Cupertino Grange on the famous Reber Plan for water conservation was read and supported. Mrs. M. Walsh, chairman of the Home Economics club reported a good meeting held at Mrs. C. Shadle's home. The next meeting is to be held at Mrs. M. Smith's home on May 13. All of the new lady members are invited as they automatically belong to that club.

A communication from the chairman of the lighting project committee Mrs. Mary Grey of the Campbell Business and Professional Women's club was read, inviting representatives from our grange to be presnt at their meeting May 4 at the Campbell Grammar school at 8 p.m. when the plants for the lighting of the school grounds for night recreational activities, such as baseball, etc. will be aired. Here is a worthy project that should interest all Campbellites.

The refreshment committee did an outstanding job in decorating the tables and serving fine refreshments. Mrs. Catherine Shadle assisted by Mrs. Jessie Sheley, Mrs. F. Raab, and Mr. Shadle were on this committee and received warm thanks for their efforts. A lot of plants brought in by members were exchanged under the direction of the Garden committee and Mrs. H. Barnes.

Some true (?) and some tall stories were told by various members which produced a lot of hilarious laughter. Our next regular meeting will be held May 10.

Mrs. L. Skillman thanked the members of the Home Ec club for their cooperation in presenting the skit at the Almaden Grange last week where a large group of our grange members were visiting.
